PROFILE

I am a full stack developer with 1 years of experience in web application development. I have solid skills in JavaScript, ReactJS, NodeJS, SQL and other key technologies. I have worked on a variety of projects, including developing applications for companies of all sizes. I am a results-oriented person with the ability to learn quickly. I also have effective teamwork and communication skills.

EXPERIENCE

- **Software development – Remote** December, 2022 – Current
Ataway, Buenos Aires
 - I work on integration projects using Dell Boomi, while applying my skills in ReactJS, NodeJS and ExpressJS to develop high performance solutions in internal company projects and where e-commerce companies like MELI are involved.
- **Tutor Web Development, JavaScript, ReactJs – Remote** April, 2021 – Current
Coder House, Buenos Aires
 - As a tutor at Coder House, I have the opportunity to guide and orient students throughout the course, providing help and clear explanations on the different topics.

EDUCATION

- **Bachelor in Computer Science** In progress
Universidad Nacional De La Plata, La Plata-Buenos Aires
- **Technology in Software Development** January 2014 – Abandoned
Universidad Del Valle, Buga – Colombia

CERTIFICATIONS

- **Full Stack Web Developer/ 700 hours of theory and practice** June 2022 – January 2023
Henry Bootcamp, Buenos Aires
 - Intensive training, where they provide you with the necessary knowledge to start programming, from the basics to an advanced level in technologies such as JavaScript, ReactJs, NodeJs, SQL, and more.
- **Front End Developer** March 2020 – January 2021
Coder House, Buenos Aires
 - I learned how to create a website using the best practices of web design, working with HTML and CSS. In addition, I used programming languages with Javascript and React Js.
